

Niagara County Family Violence Intervention Project

Who are we?

The Niagara County Family Violence Intervention Project is a coalition of agencies and organizations committed to addressing interpersonal violence and child abuse through collaborative responses, community education and professional training. For nearly 20 years, FVIP has recognized the co-occurrence of child abuse and domestic violence and worked together to protect children and adults alike.

A commitment to excellence through training

The FVIP supports professional excellence and community awareness through training. In addition to the annual *Safe at Home* conference - now in its 18th year - FVIP provides training all year long. The annual *Domestic Violence Training Academy* provides free, beginner level training on the dynamics of domestic violence, identifying and responding to clients, the effects on children and

Volunteer FVIP Steering Committee members set the FVIP's strategic agenda for training, collaboration, and networking for mutual support for a shared mission. The FVIP is coordinated by the Child Advocacy Center of Niagara, Niagara Falls Memorial Medical Center. For more information go to www.cacofniagara.org and look for FVIP under the services tab or email cacofniagara@nfmmc.org

available resources. FVIP will also provide *customized on-site training* to fit your needs. In addition, *every quarterly meeting* includes a training component. The expertise of the entire membership of the FVIP is available to you.

Watch for our upcoming
Needs Assessment.
